

## **2020/2021 Academic Year Non-local Freshmen**

### **(Undergraduate)**

#### **Information about Medical check-up**

In order to facilitate non-local undergraduate freshmen on the medical examination and complete the registration successfully, Student Resources Section will arrange the medical examinations at Kiang Wu Hospital. The date of the exam and meeting place will be announced after students check in. Students **MUST** take the medical examination according to the date and time set by Student Affairs Office. Medical Examinations done in advance will not be accepted.

Student Resources Section will inform the faculties about the arrangement of the medical check-up for undergraduate freshmen; however, students are advised to let their teachers know about the reason for the absence beforehand.

**Note: The new non-local postgraduate students need to conduct the medical examination at the following locations by themselves:**

- Macau Kiang Wu Hospital
- Any Health Center of Macau Health Bureau

#### **Required documents for Medical Examination:**

- The identification document used when entering Macau and its copy. (e.g. Two-way Exit Permit or Passport)
- Tetanus vaccination records.
- The University of Macau Medical Examination Form (Please check whether the contents on first page are filled, including personal information, questions, pasted photo and student's signatures).

#### **Please note the following:**

- Date : 7 September 2020 – 25 September 2020
- Time : Morning and afternoon session ◦ Further information will be posted on E-bulletin for Students
- Venue : PGH - S3 Bus stop
- Fasting is not necessary for the exam.
  
- Students with myopia should not wear contact lens, please wear glasses instead.
- For students who are expecting their menstrual period, please be reminded that you can only have the urinalysis after three days of your period. Those who could not complete this item are required to return to the hospital to complete the exam, otherwise, the hospital will not issue the report.
- For students who are pregnant, please be reminded that you cannot take the X-ray examination.
- The chest radiograph must be completed in Kiang Wu Hospital.

- The basic medical exam (urinalysis, chest radiograph, etc.) will cost **MOP 256.00** and the cost of the tetanus vaccine will be **MOP 100.00** (only necessary if the student could not prove that the vaccine was taken before).
- Please avoid using MOP 500 or MOP 1,000 banknote, as the hospital may not have sufficient change.
- Please be punctual according to the arrangement schedule
- Please attend the exam on time. Students who miss the schedule shall complete the medical exam on their own
