UNIVERSITY OF MACAU

2023/2024 Academic Year Non-local Freshmen (Undergraduate)

Information about medical examination

In order to facilitate non-local undergraduate freshmen on the medical examination and complete the registration successfully, Student Resources Section (SRS) will arrange the medical examination at Kiang Wu Hospital. The date of the exam and meeting place will be announced after students check in. Students **MUST** take the medical examination according to the date and time set by SRS. Medical examination done in advance will not be accepted.

SRS will inform the faculties about the arrangement of the medical examination for undergraduate freshmen; however, students are advised to let their teachers know about the reason for their absence beforehand.

Note: The non-local postgraduate freshmen are required to conduct the medical examination at the following locations by themselves:

- Macau Kiang Wu Hospital
- Any Health Center of Macau Health Bureau

Required documents for medical examination are stated below:

- The identification document used when entering Macao and its copy. (e.g. Two-way Exit Permit or Passport)
- Tetanus vaccination records.
- Medical examination form (Please check whether the contents on the first page are filled up, including personal information, questions, pasted photo and student's signatures).

For more information about the arrangement in details, please contact us via email to sao.services@um.edu.mo or refer to the bulletin to be issued at the beginning of academic year.
